STILL AT WORK ON PUERTO RICAN BILL

Senate Continues Consideration of the Measure.

Georgia Senator Makes Statement Concerning His Measure-Is Original Foraker Bill Slightly Amended-He Believes It Covers Situation Fully.

Washington, March 31.-At the beginning of today's session of the senate, Mr. Foster of Washington offered and. Pernambuco to Baars, Dunwody & Co Rus bk Osmo, 730, Johanssen, Valencia to had passed a resolution directing the Pensacola Lumber Co.

Nor bk Louise, 1015, Lorentsen, London, to from memory. secretary of the navy to report what survevs have been made in the islands recently acquired by the United States.

Consideration of the Puerto Rican bill being resumed, Mr. Bacon of Georgia made a statement concerning the substitate he offered for the pending unfinished ousiness. He desired, he saids to arrogate to himself no credit for the substitute, as it was the measure originally prepared by Senator Foraker. He could not speak for all members on his side of the chamber, but he knew that as he had introduced the measure in the utmost good faith, some Democrats, at least, would support it. It presented, he thought, the best proposition yet made Boyer as to Puerto Rico, inasmuch as it provided a free territorial government of tich & Co the United States.

Mr. Foraker said he was not insenssible to the compliment paid him by Mr. Bacon in adopting his "original draft" of the Puerto Rican measure and was inclined to congratulate him upon having reached the point where he (Foraker) was two months ago. The bill, as he now regarded it, was entirely inadequate, although at the time he drafted it he deemed it an excellent meaure. When that section of the bill relating

Rico was reached, Mr. Pettus of Alabama offered this amendment: "That the legislative assembly of Lumber Co Puerto Rico shall have no power or authority to enact any law in conflict with & Co. the constitution of the United States."

to the legislative assembly of Puerto

The amendment was lost 15 to 31. Mr. Fairbanks of Indiana then addressed the senate in support of the pending measure.
